

We do not recommend ALL-IN-ONE computers because the ability to perform repairs are minimal!

We recommend Desktops over laptops because the parts and repair costs are substantially lower on desktops and some repairs are not possible on laptops!

TO CONSIDER	TO AVOID
<ul style="list-style-type: none"> • Toshiba • Lenovo • ASUS • Acer (higher end) 	<ul style="list-style-type: none"> • Dell • HP

Specs

TO CONSIDER	TO AVOID
<ul style="list-style-type: none"> • CPU (PROCESSOR) – INTEL I3, I5, I7 • Memory – 4GB and up • Hard drives – any is ok Solid State is better! • CD Drive – some laptops don't come with Disc drives • Number of USB ports • Highly recommend an extended warranty 	<ul style="list-style-type: none"> • CPU – Celeron or Atom processors are VERY slow • Memory – less than 4gb is not enough • Hard drive – Make sure you have enough storage space. TB is bigger than GB • CD/DVD DRIVE – Some don't have disc drives

At Jester's Computers we will provide you our professional recommendation based on what we have experienced with PC's over the years! If you aren't sure you are welcome to call us during business hours (717) 642-6611 (Mon, Wed, Fri 9am -5pm & Tue / Thurs 9am-7pm

We build Desktop PC's which carry a 1 year parts and labor hardware warranty through us!

Since we purchase and build your computer many of the parts that are included in your system carry hardware warranties beyond the standard 1 year!
